Auto Rewind

Auto Eject

Auto Power Off

Unified TV/VCR Remote

**MAGNAVOX**  
Smart. Very smart.®

## Picture

### 4-Head, Double Azimuth Design

Combines direct drive cylinder and capstan motors with precision digital servo control to produce excellent special effects reproduction—Still, Slow, and with the appropriate remote control, Frame Advance, Variable Slow Motion and x2 Play—in both SP and SLP speeds.

### Auto Head Cleaner

Gently, automatically cleans the video heads each time a tape is inserted or removed to maintain optimum picture performance during both recording and playback.

### Digital Auto Tracking System

When tape playback begins, this feature automatically seeks the optimum tracking position in the tracking range, and the optimum audio signal tracking position for clearest picture and sound. Buttons on the remote transmitter give you manual control should tracking adjustments be necessary.

## Convenience

### LED Function Indicators

Alerts you to the status of all important recording and playback features with simple, easily recognized, international symbols.

### Bilingual (English/Spanish) Onscreen Function Display

Indicates record/playback functions, channel number, clock setting, date, counter, programming, one-touch record and record standby, keeping you alert to the status of all features in a heads-up onscreen display.

### Onscreen Real-Time Counter with Time Search

Unlike the 0000 to 9999 tape counters found in standard VCRs, this unit incorporates a linear, real-time counter which shows elapse time in hours, minutes, and seconds. Now you can advance or return to selected tape segments in any time increment you desire.

### Time Search

## Special Effects

### Slow Motion

View SP or SLP video recordings in slow motion in both forward and reverse modes.

### Still Frame

Freeze the video at the touch of a button for a smooth, clear image.

## Remote Control

### Unified TV/VCR Remote (Remote # N9035UD)

## Full Auto-Feature Package

- Power On
- Digital Auto Tracking
- Auto Play
- Auto Repeat
- Auto Rewind
- Auto Eject
